SUPERACIÓN CONTINUA

Con más de 50 años de experiencia, en CHAVESBAO somos referencia internacional mayorista en distribución de tornillería y soldadura.

La combinación de personas y tecnología, de conocimiento y especialización en los diferentes sectores industriales, junto con nuestra vocación por la excelencia en el servicio, nos permite ofrecer soluciones adaptadas a las necesidades de nuestros clientes.

Líderes en el mercado doméstico, y referentes competitivos a nivel europeo e internacional, colaboramos para el suministro de tornillería y soldadura con las principales compañías enfocadas a los sectores: ferretero, construcción, energías renovables, metalomecánica, agrícola, automoción, etc.

SYNONYMES DE SURPASSEMENT

Avec plus de 50 ans d'expérience à son actif, CHAVESBAO est une référence internationale leader dans la distribution de visserie.

CHAVESBAO est en mesure de proposer des solutions adaptées aux besoins de ses clients en combinant les éléments suivants : individus, technologie, connaissances et spécialisation dans les différents secteurs industriels, outre une vocation de l'excellence des services.

Leader sur le marché national et référence au niveau européen et international, CHAVESBAO travaille avec les principales entreprises des secteurs suivants : quincaillerie, construction, énergies renouvelables, métallurgie, agricole, industrie automobile, etc.

CONSTANT IMPROVEMENT

With over 50 years of experience, CHAVESBAO is a reference wholesaler in the international distribution of fasteners and welding.

Our unique mix of people and technology, knowledge and expertise in the various sectors of the industry, along with our passion for excellent service, gives us the ability to provide solutions adapted to the needs of our customers.

Leaders in the national market and competitive references at a european and international level, we collaborate by supplying nuts, bolts and welding with major companies of the following sectors: hardware, construction, renewable energies, metal mechanics, agriculture, automotive, etc.
